
COMMITTEE ON NATIONAL FUEL GAS CODE

Minutes (Approved March 12, 2024)**National Fuel Gas Code (NFGC) Committees***Kimpton Hotel Monaco**Pittsburgh, Pennsylvania**October 24-25, 2022*

1. **Call to Order:** Chair, Frank Mortimer (EMC Insurance), called the meeting to order at 8 am on October 24, 2022.
2. **Introductions:** Attendees introduced themselves and identified their affiliation. See Meeting Attendance Attachment A.
3. **Chair Report:** Mr. Mortimer welcomed attendees and provided an overview of the meeting. The agenda was approved as distributed in the July 28, 2022 email.
4. **Staff Liaison Report:** Alex Ing (NFPA) and Luis Escobar (AGA) provided an overview of the remaining steps in the harmonized development process and the revision cycle schedule.
5. **Approval of Committee Meeting Minutes:** The minutes from September 12-22, 2021 (virtual, MS Teams) were approved with the following revision: John Puskar (Prescient Technical Services) chaired the Combustion Air TG.
6. **NFGC Second Draft:**
 - a. **Review of Public Comments and Committee Inputs.** The technical committee reviewed the Public Comments and Committee Inputs and developed Second Revisions as necessary. The committee actions that result in a Second Revisions will be the standing action on the letter ballot. Approved actions from the letter ballot will be incorporated into the Second Draft Report, to be posted on www.nfpa.org/54 and www.aga.org/nfgc along with the Second Revisions Report and Report on Public Comments.
 - b. **Task Group Reports:**
 - i. **Combustion Air and ACH.** The Task Group presented Public Comment 33 (considerations for impact on the accuracy and usefulness of a draft test), Public Comment 34 (method for converting ACH50 to ACHnat), and Public Comment 35 (Annex G.5.2 method of draft testing). to address the issue of how to measure draft and known infiltration rate formula from 9.3.2.2.
 - ii. **Industrial Coverage.** Nothing to report..
 - iii. **Multi-Requirements and Exceptions.** The Task Group presented their recommendations for removing exception language and breaking out multi-requirement sections throughout the NFGC. The recommendations were split onto one global revision for split outs and another global revision for exceptions. The Committee decided to keep this Task Group moving forward.

7. Other Business:**a. Task Groups:**

- i. The Committee disbanded the Combustion Air and ACH Task Group as it has completed its mission.
- ii. The Committee will keep the Industrial Coverage Task Group going forward.
- iii. The Committee will keep the Multi Requirements and Exceptions Task Group going forward. Diane Jakobs (AHRI) steps down; Enrique Gonzalez (IAPMO) and Gregg Gress (ICC) have joined.
- iv. The Committee established a new Flammable Gas Air Mixtures Task Group to be chaired by Franklin Switzer (S-afe, Inc.) and comprised of Ted Lemoff (Lemoff Engineering) and Bill Murray (Self).

- b. **New Technology for Leaking Gas Piping:** George Ragula (RagulaTech) brought up the topic of new technology that repairs leaking fuel gas piping in situ (intended for leaking joints). The Committee tasked Mr. Ragula with developing material for review in the next development cycle.

8. **Future Meetings:** There is no plan to meet again in person for the 2024 NFGC development cycle. AGA and NFPA staff will contact the committee if this changes.

9. **Adjournment:** The meeting was adjourned at 3:30 pm on October 25, 2022.
